About NUV-युवा

NUV-युवा, a youth fest hosted by Navrachana University, incorporates a bunch of TECHNICAL, NON-TECHNICAL, SPORTS, and CULTURAL EVENTS. The event aims to provide a space to learn skills and showcase talent on a large platform. It focuses on allowing students to add a new layer to their college experience and explore fields other than their academics.

Students from different schools, universities, and colleges get together and share a platform which in turn helps to improve connections and expand knowledge. 2022 marked the launch of Navrachana University's biggest flagship event **NUV-युवा**. The event witnessed approximately 5000-6000 viewers and 300+ participations. The events included technical workshops, Gaming competitions, Singing and Dancing Competitions, Celebrity appearances, Debates, Painting, Rangoli, Sports events etc. The highlight of the fest was a 48 hour Hackathon, a Model United Nations (MUN) and a Sunburn EDM concert to conclude the fest.

Some glimpses of

Technical Events

Non - Technical Events

Cultural Events

MUN

Model United Nations (MUN) is a simulation of the UN General Assembly and other multilateral bodies. In Model UN, students step into the shoes of ambassadors from UN member states to debate current issues on the organization's agenda.

Concert

To bring the fest to an end on a high note and to ensure a super fun time for the students a concert night is being organized. With the crowd's favorite celebrity artists on stage and the high-spirited music to grove on, the enjoyment is assured.
